IN PARLIAMENT

All of my speeches and questions in the House of Commons, and some of my committee interventions, are posted on my website at GregMcLeanMP.ca and on my social media. Here are some topics I've addressed recently.

Bill C-23 Debate - The Minister of the Environment has too much sole authority in too many domains. *March 21*

Bill C-27 Debate - The Digital Charter Implementation Act is too late and too weak for such an important personal protection. *March 7*

Statement - The Prime Minister thinks there is no business case for LNG exports, but Tourmaline Energy is proving otherwise. *February 15*

Speech & Questions - The Liberals refuse to acknowledge that the carbon tax is actually designed to be inflationary, as it adds costs at every point on the supply chain. *February 14*

Debate on the Carbon Tax - The carbon tax raises costs for agriculture and food, and escalates Canadians' electricity bills. *February 7*

Statement - "Sunny Ways" benefits government insiders, as payments to outside consultants have skyrocketed. *February 2*
